*More efficient than any other portable  
metal cutting process you are using now!*

Model

**s7**

7.25 INCH  
METAL CUTTING CIRCULAR SAW

· **Saves Time and Money.**

*Less than 6 seconds* to cleanly cut 4" x 5/16" mild steel.

4 seconds to cut 2" x 3/16" square tubing.

4 seconds to cut 2" x 2 1/4" angle iron.

4 seconds to cut 2" tubing.

2 seconds to cut 1/2" rebar.

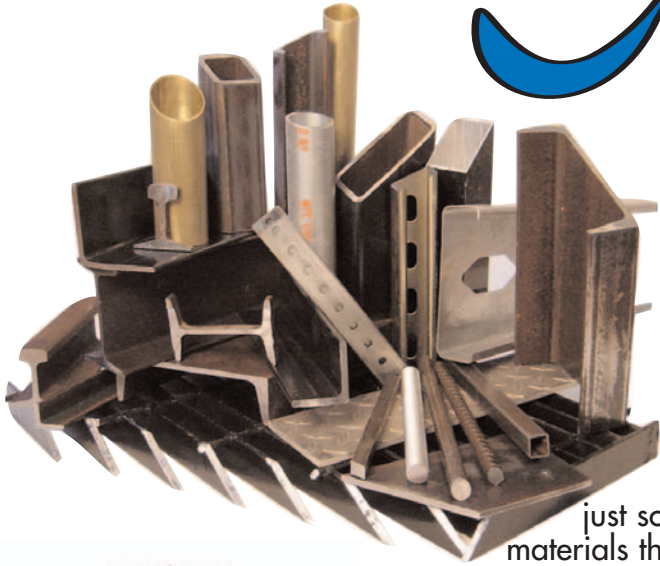

· **Increase Productivity** - No Milling or de-burring with near-surgical dry-cut technology.

· **Cuts a Variety of Metals, Plastic and Wood** - Bring your saw to the work-piece while cutting mild steel, stainless steel and aluminum as easy as it cuts plywood.

· **Cool-to-the-Touch** - No waiting for your workpiece to cool down. Just cut it and handle it.

· **Precise Cutting** - With integrated laser sighting system.
